How to address an envelope

I can name the three parts on the front of an envelope.

1 The three parts

1 Return address — Your name and address. It goes in the top left corner, so the letter can come back to you.

2 Stamp — It pays for the trip. It goes in the top right corner.

3 Delivery address — The person you are writing to. It goes in the middle, in bigger writing.

2 Every address has three lines

Line 1	The name of the person	**Mr. Sam Reed**
Line 2	The house number and the street	**480 Pine Road**
Line 3	The city, the state and the ZIP code	**Denver, CO 80203**

Write the two letters of the state in capitals, like TX or CO. Do not put a comma before the ZIP code.
