MATH

Counting money with bills

Name _____ Date _____

I can count bills and coins and write the amount.

1 Know your money

quarter
25 cents

dime
10 cents

nickel
5 cents

penny
1 cent

1 dollar

5 dollars

10 dollars

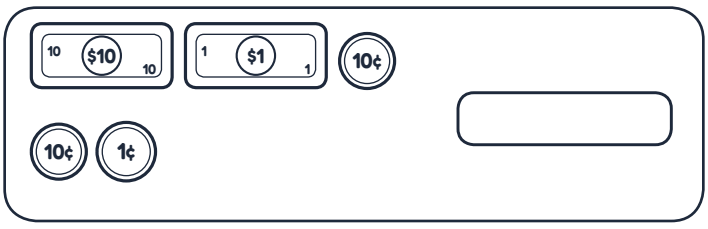

20 dollars

Count the bills first, then the coins. Write dollars and cents with a dollar sign and a decimal point: 3 dollars and 25 cents is $3.25.

2 Count the money

Start with the biggest. Count on.

FOR TEACHERS AND PARENTS

Answer key: counting money with bills

1 Page 1

Count the money: $11.21, $10.15.

2 Page 2

Page 2: $11.21, $10.15, $11.51, $11.60, $5.71, $1.35.

3 Page 3

Two ways: $9.95 = 9 dollars and 95 cents; $8.45 = 8 dollars and 45 cents; $6.05 = 6 dollars and 5 cents; $9.25 = 9 dollars and 25 cents; $1.95 = 1 dollars and 95 cents; $2.10 = 2 dollars and 10 cents.

4 Page 4: word problems

1) $6.25
2) 3 dollars and 50 cents
3) $10.30
4) Zara ($2.75 is more than $2.57)

5 Teaching tip

Say amounts both ways, "three twenty-five" and "three dollars and twenty-five cents", so children connect the words to the decimal point.
