MATH

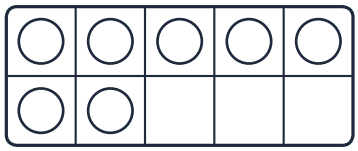

Counting to 10

Name _____ Date _____

I can count up to 10 things and show them in a ten frame.

1 How it works

Count each picture once. A ten frame has 10 boxes in two rows of 5. Put one dot in each box, top row first. A full top row is 5, and a full ten frame is 10.

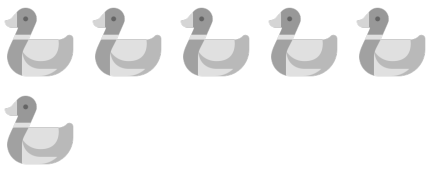

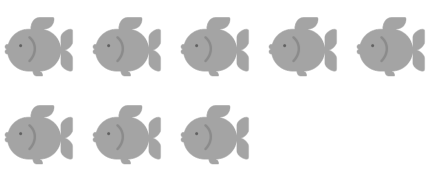

7 seven

Top row first, then the bottom row.

2 Count. Write how many.

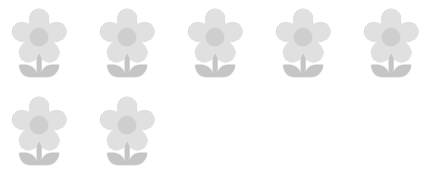

Touch each picture as you count.
