MATH

Counting to 100

Name _____ Date _____

🎯 **I can count to 100 and fill in a hundred chart.**

1 How it works 💡

In a hundred chart, each row has 10 numbers. Moving right, numbers go up by 1. At the end of a row a new ten starts: after 39 comes 40. Moving down a column, numbers go up by 10.

37	38	39	40	41

After 39 comes 40: a new ten!

2 Fill in the missing numbers ✏️

Count along each row.

1	2	3	4	5	6	7		9	10
	12	13	14	15	16	17	18	19	20
21	22		24			27	28		30
31		33	34	35		37	38		
	42				46	47	48	49	50
51	52	53		55				59	60
61		63			66			69	
71			74	75	76	77	78	79	80
	82	83		85	86	87	88	89	90
91		93	94	95	96		98	99	100

Count on

Name _____ Date _____

I can count on from any number.

1 Fill in the missing numbers

Say the numbers out loud as you write.

1.	14	15				19
2.	92			95		97
3.	10			13		15
4.	67	68				72
5.	89	90				94
6.	28			31	32	
7.	17		19			22

Before, after and count back

Name _____ Date _____

I can find numbers that come before, after and between.

1 Write the numbers before and after

	59			52			27	
	30			20			90	

2 Count back

Each number is one less.

1.	47				43	42
2.	98	97	96			
3.	62	61			58	

3 Think about it

1. What comes after 59? _____
2. What comes after 99? _____
3. What comes before 70? _____

Word problems

Name _____ Date _____

I can count to solve a problem.

1 Listen, think, answer

A grown-up can read the problem aloud. Draw to help.

1 Adam counts 39 steps. What number does Adam say next?

Answer: _____

2 A book has 100 pages. Noor is on page 89. What is the next page?

Answer: _____

3 Count by tens from 10 to 100. How many numbers do you say?

Answer: _____

4 Adam's house is number 57. The next house is one more. What number is it?

Answer: _____

FOR TEACHERS AND PARENTS

Answer key: counting to 100

1 Page 1

Missing: 8, 11, 23, 25, 26, 29, 32, 36, 39, 40, 41, 43, 44, 45, 54, 56, 57, 58, 62, 64, 65, 67, 68, 70, 72, 73, 81, 84, 92, 97.

2 Page 2

Missing: 16, 17, 18; 93, 94, 96; 11, 12, 14; 69, 70, 71; 91, 92, 93; 29, 30, 33; 18, 20, 21.

3 Page 3

Before and after: 58, 60; 51, 53; 26, 28; 29, 31; 19, 21; 89, 91.
Count back: 44, 45, 46; 93, 94, 95; 57, 59, 60.
Think: 1) 60; 2) 100; 3) 69.

4 Page 4: word problems

1) 40
2) page 90
3) 10 numbers
4) 58

5 Teaching tip 💡

Watch the jump to a new ten: 29 to 30, 59 to 60. Children often say "twenty-ten". Practice the decade changes out loud until they are smooth.
