Counting to 20

Name _____ Date _____

I can count up to 20 things.

1 How it works

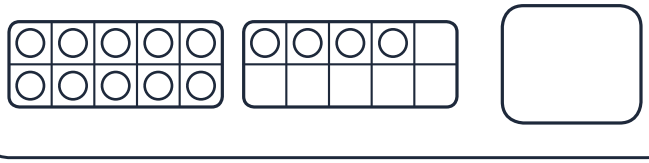

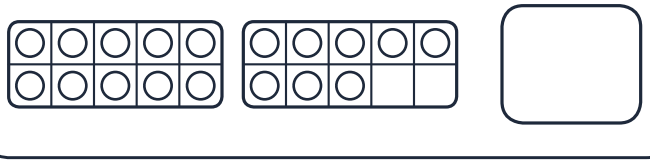

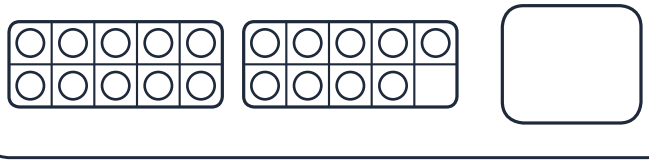

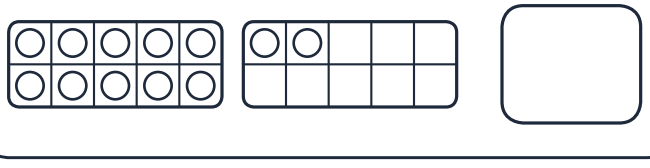

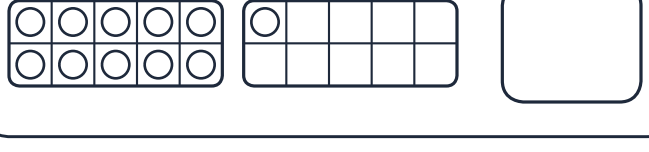

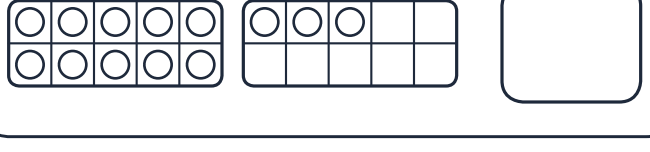

When there are more than 10, make a group of 10 first. Then count on: 10, 11, 12, 13, 14. Two ten frames show numbers to 20. One full frame and 4 more is 14.

10 and 4 more is 14

2 Count the dots. Write how many.

A full ten frame is 10. Count on from 10.
