How to draw an apple

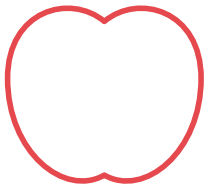

Name _____ Date _____

I can draw an apple, one step at a time.

1 Follow the steps

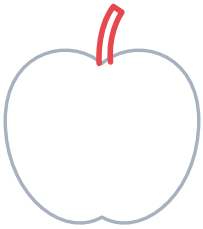

The red lines are new in each step.

1

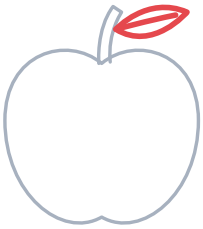

Draw a round apple shape with a dip at the top.

2

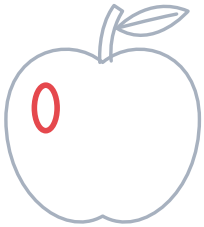

Draw a short stem coming out of the dip.

3

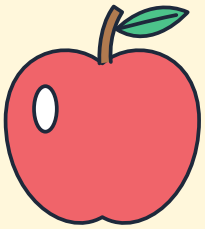

Add a leaf next to the stem.

4

Draw a little shine on the apple. Then color it.

5

All done! Now color your drawing.

Did you know?
There are thousands of kinds of apples: red, green and yellow.
