How to draw a house

Name _____ Date _____

I can draw a house, one step at a time.

1 Follow the steps

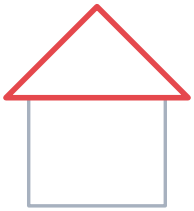

The red lines are new in each step.

1

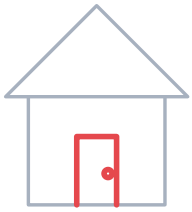

Draw a square for the walls.

2

Draw a big triangle on top for the roof.

3

Draw a door in the middle with a round knob.

4

Draw two windows with crosses in them.

5

Add a chimney and some smoke. Then color your house.

6

All done! Now color your drawing.

Did you know?
The roof slopes down so that rain runs off it.
