How to draw a whale

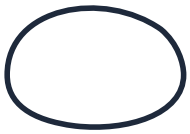

Name _____ Date _____

I can draw a whale, one step at a time.

1 Follow the steps

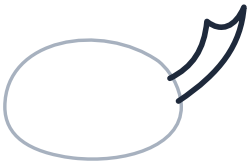

The dark lines are new in each step.

1

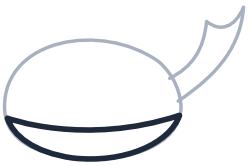

Draw a big round body, wide at the front.

2

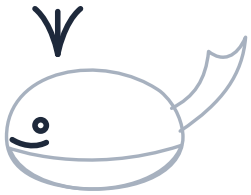

Draw a tail that goes up at the back.

3

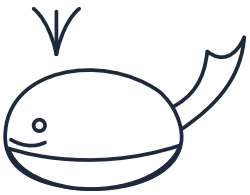

Draw a curved line for the belly.

4

Add an eye, a smile and a spray of water on top. Then color your whale.

5

All done! Now color your drawing.

Did you know?
The blue whale is the biggest animal that has ever lived, bigger than any dinosaur.
