Picture sudoku for kids

Name _____ Date _____

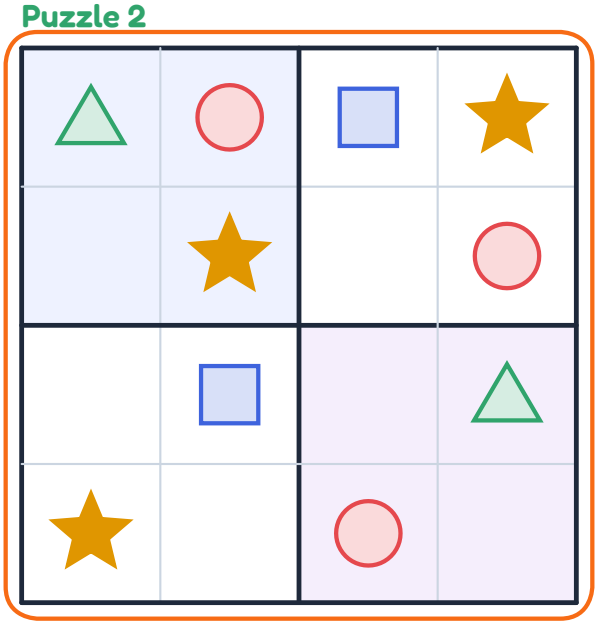

The rule

Draw a circle, square, triangle or star in each empty square. Every row, every column and every thick-lined box must have all four shapes, with no repeats.

Puzzle 1

Puzzle 2

Solving tips

1. Find a row with only one empty square. Which shape is missing?
2. Look at one shape at a time. Where can a star still go in each box?
3. Say the shapes out loud as you check: circle, square, triangle, star.
